Name an entire Research Grant after your family, foundation or loved one affected by type 1 diabetes. Funding an entire grant gives you exclusive access to the researcher for individual updates about the progress of their project and recognition in all published materials.

Exclusive Opportunities for Blue Circle Leaders

- Recognition in/on: virtual donor wall on our website, banners displayed at events, programs and event collateral, annual reports and specified newsletters/mailings
- Exclusive invitations to research-focused events, happy hours with board members and in-home events focused on the connection to DRC's community
- Direct access to our scientists; through project updates, lab tours, etc.
- An annual stewardship summer event in Del Mar
- Exclusive mailings designed only for Blue Circle Leaders
- Del Mar Dance for Diabetes VIP party access with general ticket purchase
- Access to the latest T1D research via our e-newsletter
- Free Stuff: Cookbooks, Greater Than T-shirts and DRC gear as available

Our Blue Circle Leaders:

T1D Advocates, Leaders for Change and Benefactors are pledging to support our mission and vision for 3 years. These donations will be designated to DRC's General Fund. This will enable DRC to continue to represent to our contributors that 100% of their donations for research go directly to the scientists' labs. You are helping us build a pipeline of new researchers. In fact, several of the researchers we've funded have gone on to secure over \$3.5M in additional funding to continue their important work.
